Steven Label continually monitors its performance using customer feedback cards. With every shipment customers are given the opportunity to score the company on a number of performance criteria. Steve Stong, President, says, "To insure top quality service, it is important for Steven Label to hear from our customers, understanding what we are doing right, and where improvements can be made." Recently, a feedback card commended the company as being the "Nordstroms of label manufacturers".

Steven Label has been manufacturing labels for over fifty years. With factories in the U.S. and Mexico, the company has silk screen, flexo, digital, off-set and hot stamp printing capabilities. ISO certified and FDA approved, Steven Label produces overlays and nameplates, bar-coded and variable data labels, insulators and shields, point-of-sale, thermal transfer, domed and UL/CSA labels.
