## PRESS RELEASE

### **STEVEN LABEL WINS SGIA GOLDEN IMAGE AWARD**

*International competition recognizes best in specialty printing*

Santa Fe Springs, CA

Steven label was recently honored with the Specialty Graphic Imaging Association (SGIA) Golden Image Gold Medal for excellence in silk screen printing. The award was presented during the 2009 SGIA Expo in New Orleans.

“I am very proud of the Steven Label team,” said Steve Stong, President. “Our work was compared to the best in the world – and we came out on top. That is quite an accomplishment!”

More than 90 companies from around the world entered the competition, submitting nearly 450 entries, with a wide range of innovative imaging products. Submittals are judged on the level of difficulty and quality of execution. The Gold Medal is a recognition of Steven Label’s ability to solve customer problems by expertly controlling the many variables involved in specialty printing.

Steven Label has been manufacturing labels for over fifty years. With factories in the U.S. and Mexico, the company has silk screen, flexo, digital, off-set and hot stamp printing capabilities. ISO certified and FDA approved, Steven Label produces overlays and nameplates, bar-coded and variable data labels, insulators and shields, point-of-sale, thermal transfer, domed and UL/CSA labels.
