## PRESS RELEASE

### **STEVEN LABEL ACES FDA AUDIT**

*For Release on or after June 30, 2009*

Santa Fe Springs, CA

A significant portion of the Steven Label customer base is in the medical industry. Consequently, from time-to-time the company is required to undergo an audit by the Food and Drug Administration. Recently, the FDA audited the quality systems behind the manufacture of a bio-sensor part. The auditor discovered no findings and said the Steven Label "systems are really good". Those same systems are employed on every order for every customer in every factory, insuring quality parts delivered on time.

Steven Label has been manufacturing labels for over fifty years. With factories in the U.S. and Mexico, the company has silk screen, flexo, digital, off-set and hot stamp printing capabilities. ISO certified and FDA approved, Steven Label produces overlays and nameplates, bar-coded and variable data labels, insulators and shields, point-of-sale, thermal transfer, domed and UL/CSA labels.
